The service and support I have received from Kalie at Slate & Key is worth GOLD. Kalie has consistently provided certainty, clarity, direction, guidance, and so much heart in supporting me to acquire my Portuguese Resident's Visa throughout the entire process. There is no way I could have gone through this process on my own. Kalie connects you with all the needed resources to have everything in alignment with the requirements to apply for the Visa. She is thorough, I never once had to chase her down, she checked in on me, knew just how to support me through the stressful moments, provided me with autonomy while being a strong yet gentle anchor as I went through the entire process. You cannot go wrong with Kalie. She will make the whole process manageable and will make sure you understand all the steps along the way. This was the best investment I ever made. Kalie, I am forever in gratitude for you and ALL that you do and provide. ~ RZ ~ USA, Japan, Portugal
